COMMUNICATION AND SAFETY

APPI-Com is the world's most advanced wireless field communication device: it is a **Fully Duplex system** allowing **Hands-Free** communication between team members in the most dangerous and critical situations faced by Industrial workers: Industrial cleaning, Sandblasting, Coating and High-pressure cleaning.

APPI-Com is too easy to operate: simply depress the power button and you're ready to communicate, hands free, on a secure, powerful and coded network.

The system is organized with 2 team leaders and multiple team members that are always connected **whatever the group size, anywhere, anytime.**

APPI-Com fits multiple Audio Headsets and eliminates ambient noise to focus on the mission.
