HANDS FREE FOR TEAM TALK

COMMUNICATION AND SAFETY

APPI-Com is the world's most advanced wireless tactical field communication device: it is a **Fully Duplex system** allowing **Hands-Free** communication between team members in the most dangerous and critical situations faced by Aviation, Train, Seaport, and Aerospace.

APPI-Com is so easy to operate: simply depress the power button and you're ready to communicate, hands free, on a secure, powerful and coded network.

The system is organized with 2 team leaders and multiple team members that are always connected **whatever the group size, anywhere, anytime.**

APPI-Com fits multiple Audio Headsets and eliminates ambient noise to focus on the mission.

HANDS-FREE FULL-DUPLEX RADIO

AUTONOMOUS DIGITAL NETWORK

NO BASE, UNLIMITED USERS

1.3 MI RANGE (2KM)

SHOCKPROOF

WATERTIGHT

APPI-DEC

APPI-DEC is an adapter between the on-board intercom and APPI-Com or any cellular. It extends the communication network outside the vehicle.

CONFIDENTIALITY

APPI-Com deploys a wireless «Audio Conference» network within seconds, autonomous and encoded, without any installation.

SAFELINE

Allows you know who is communicating and be alerted when a team member leaves the loop.

MAN DOWN ALERT

Pack Safety : Immobility detection for man down situation with vocal alert.

APPI-Smart : this app allows LWP alerts to be relayed over the GSM network, with GPS location and time stamp.

**ON BOARD INTERCOM'S
WIRELESS EXTENSION
NO INSTALLATION NEEDED.**

Range > 1.3 mi (2km)

LONG RANGE WIRELESS INTERCOM

Each user can choose the appropriate headset based on its usage and connect it to the system wired or wireless.

Our catalog selection :

NOISE CANCELLING AUDIO HEADSET

Passive noise-cancelling headset with noise cancelling microphone: 32dB isolation; ideal for conversation in very noisy environments.

APPI AUDIO DECK

The Audio Desk includes a amplified loudspeaker with adjustable volume and a «gooseneck» microphone activated by push button.

It allows you stay in touch with mobile workers: the team can be monitored in real time by a fixed operator in an office or behind a window.

NOISE CANCELING WITH ENVIRONMENT SOUND / MSA SUPREME MIL CC

Noise canceling Audio headset for harsh fields operations with environment sound function.

HURRICANE II

Heavy duty behind-the-head lightweight headset with dual speakers. With an NRR rating of up to 29dB, it provides advanced protection in noisy environment.

AUDIO MINISET INTRA-EAR BONE CONDUCTION

Integrated all-in-one audio device: speaker and in-ear bone conduction microphone. One ear available to keep in touch with the environment or to be equipped with a second speaker.
