SAFETYCOMMS **FIRST!**™

APPI radios offer hands-free conference mode over 3.8 km without fixed or mobile base (Int'l patent).

With the SyncAll® technology, any APPI radio can leave the team (lost signal, etc.) without affecting communication between the others, and then automatically return to the team's COMM : a guarantee for Safety and Efficiency. APPI-Com and APPI-Covr radios are mixable in a group and allow an unlimited number of people in the team.

PTT/
Duplex

APPI-CovR is a communicating noise-canceling headset embedding the «APPI» radio technology and its Full-Duplex conference mode. This headset is equipped with a noise cancelling microphone and offers a hearing protection for noisy environments.

BLUETOOTH

Create a gateway to the GSM network with your smartphone to integrate a remote team member.

PTT-DUAL

Create a gateway to any Walkie-Talkie network. Communicate on two networks simultaneously.

MAN DOWN ALERT

APPI radios are equipped with safety systems; Immobility vocal alert (LWP) or signal loss (Safeline).

APPI-Smart C: control your APPI-Com /CovR from your smartphone.

APPI-Smart S: APPI-Smart C + automatic transfer of LWP alerts and manual call to a pre-registered number from any APPI-Com / Covr in the group.
