SAFETYCOMMS FIRST!™

APPI patented technology is now available in an All-In-One Noise-Cancelling head-set (-31dB) to offer a long-range (3.8Km) full-duplex communication and Phone connexion to share with the Team !

The system also embeds Safety functions (man-down alerts, signal loss, etc.), making it a unique Communication & Safety product.

APPI-CovR

APPI-CovR is an All-in-One Conference Mode radio and Noise-Cancelling headset. It is equipped with an Noise Cancelling microphone and offers a 31dB hearing protection.

High Noise
Compatible

PTT/
Duplex

APPI-CovR offers a PTT/DUPLEX switch: PTT OFF (mute/Press To Talk) mode or DUPLEX mode (open mic)

Areas of application: construction, sanitation (sewers, etc.), energy (nuclear, chemical, etc.), construction (tunnels, trenches), rescue (landslides, disasters), law enforcement, aeronautics, defense, etc.

HEARING PROTECTION AND COMMUNICATION

No wire: one button to start a conference with your team over a 3800m distance with strong penetration through walls and obstacles.

Isolated from noise, you stay connected with the outside world: pair APPI-CovR with your smartphone to receive or make phone calls, and share them with your team.

APPI-Technology ensures compatibility over time, and between systems: APPI-Com and APPI-CovR can be used in the same group.

A SMART INTERFACE: **APPI-SMART**

A natural extension of the APPI-CovR headset, the APPI-Smart Android mobile application provides mobile network access (LTE/3G/4G) for workers in white zones.

APPI-Smart C: control your APPI radio from your smartphone or tablet.

APPI-Smart S : APPI-Smart C + automatic reporting of PTI alerts and manual call to a pre-registered number from any APPI-Com/Covr in the group.

WATCH ON :  **YouTube**
